#### High Level Goals:

1. People should be able to register and sign in to the website to use the additional features on the website.
2. This web application should allow for people to be able to see icons for different discussion forums for TV show episodes that they can click and navigate to.
3. The user should be able to look up TV show episodes and forums, and view other people's posts.
4. Users should be able to post under the forums.
5. If a user is not signed in they are still able to view the forums but they are not able to make a post.
6. Users should be able to like posts.
7. Users should be able to follow forums to keep up with it.
8. Users should be able to rate the overall show.

#### User Stories:

##### Sprint 1

(8) User story 1: As a TV show watcher, I want to be able to sign in and communicate with other people and be a part of a community.

User Story 2 (21): As a TV show watcher, I want to see some TV shows with forums so that I can get a preview of different shows available and navigate quickly to the chosen forums without searching.

##### Sprint 2

(13) User story 1: As a TV show watcher, I want to see some TV shows with forums after I log in so that I can get a preview of different shows available and navigate quickly to the chosen forums without searching.

(21) User story 2: As a TV show watcher, I want to be able to have a platform where I can see how people feel about new TV shows so that I can find new shows that might interest me and get real feedback about the show/episodes from other people.

(21) User story 3: As a TV show watcher, I want to be able to discuss with others about a specific TV show episode so that we can communicate our thoughts about it as we are watching it.

### Sprint 3

(21) User story 1: As a TV show watcher, I want to be able to have a space where I can see discussions about a show that I am watching currently without having to sign up.

(13) User story 2: As a person interested in TV shows, I want to be able to look at the most popular opinion of the show to gauge the overall consensus of the show episode. I also want to be able to agree with other people's posts.

### Sprint 4

(34) User story 2: As a person interested in TV shows, I want to be able to agree with other people's posts.

### Product backlog:

1. A banner on the main page with the hottest, newest TV shows
2. A list of forums on the main page that have the most interaction
3. thumbs down on someone's post on a forum
4. commenting on someone's post on a forum
